

Brings you the best in Retail Technology

Smart Label Printer SLP 650 SE

More speed. Higher resolution. The SLP 650 packs all the benefits of the newly redesigned SLP 600 series, adding 300 DPI resolution and close to 4 inches per second printing performance, to flawlessly handle your specialty label printing requirements.

Connect via USB to your PC or Mac, running Windows, Mac OS, or Linux. Loading a new roll and changing labels could not be easier. Simply drop in a new roll and you are ready. Enhanced new Smart Label Software, supporting Microsoft® Excel®, Outlook®, Access®, and Word®, makes it even easier to create, format, print, and save all the labels you need. Quickly generate clear, professional address labels, file folder labels, name tags, shipping labels, multipurpose labels, and more.

Need a single label? Print. Need twenty labels? Print. Need different types of labels? Print, swap, and print again. Need it fast? Print. It's that simple.

Need to design your own labels? No problem. Smart Label Printer software gives you the tools to create great looking labels. Specify where to place text, graphics, or bar codes. Use your own images by importing from existing desktop files, or use copy and paste to import images from your computer's clipboard. For fast, personalized name tags labels, Smart Label Printer software imports images captured directly from your computer's camera.

Shipping a lot of packages? Combine your SLP 650 with an optional Smart Label Tray, and tackle your volume shipping needs with cost-effective bulk shipping label rolls (900 labels per roll).

No special sheets of labels. No awkward templates. With ultra-reliable Seiko Instruments direct thermal printing technology, there is no need for ink, toner or ribbons. Smart Label Printers give you fast, straightforward and predictable label printing. Time, after time, after time.

Specifications

Specifications	
Warranty	3-year limited warranty
Printer Technology	Direct Thermal
Resolution	300 DPI
